

Accessibility statement for **IBDoc®**

Accessibility statement for www.ibdoc.net and www.ibdoc-portal.net

This website is run by BÜHLMANN Laboratories AG. We want as many people as possible to be able to use this website. For example, that means you should be able to:

- change colours, contrast levels and fonts
- zoom in up to 300% without the text spilling off the screen
- navigate most of the website using just a keyboard
- navigate most of the website using speech recognition software
- listen to most of the website using a screen reader (including the most recent versions of JAWS, NVDA and VoiceOver)
- We've also made the website text as simple as possible to understand.

[AbilityNet](#) has advice on making your device easier to use if you have a disability.

How accessible this website is

We know some parts of this website are not fully accessible:

- Text will not reflow in a single column when you change the size of the browser window.
- Some of our online forms are difficult to navigate using just a keyboard.
- There's a limit to how far you can magnify the map on our 'contact us' page.
- We do not explain words that are hard to pronounce.
- Some the targets for pointer inputs is less than 44 by 44 CSS pixels.

Feedback and contact information

If you need information on this website in a different format like accessible PDF, large print, easy read, audio recording or braille:

info@buhlmannlabs.ch
call +41 61 487 12 00

We'll consider your request and get back to you in 5 days.

Reporting accessibility problems with this website

We're always looking to improve the accessibility of this website. If you find any problems not listed on this page or think we're not meeting accessibility requirements, contact support@buhlmannlabs.ch or call +41 61 487 12 00.

Technical information about this website's accessibility

Compliance status

This website is partially compliant with the [Web Content Accessibility Guidelines version 2.1](#) AA standard, due to the non-compliances and exemptions' listed below.

Accessibility statement for *IBDoc*[®]

Non-accessible content

- Some the targets for pointer inputs are too small (less than 44 by 44 CSS pixels), which does not comply with 1.4.10 of WCAG version 2.1. We will increase the size of relevant icons with a future software framework update by 2023.
- The keyboard focus is not always visible and clear, which does not comply with 2.4.8 of WCAG version 2.1. We will increase the size of relevant icons with a future software framework update by 2023.

Preparation of this accessibility statement

This statement was prepared on 08.09.2021.
